Testimonies:

-  Louise Kemeny
When i wrote to Sok Sabay, I felt as many travelers do: that I had saved up European money, but an Asian fortune for my year of travel. I wanted to come and give something that would not be for myself , to offer something from the benefits. I have enjoyed growing up.
However, I have been given a huge amount. What I have learned in four weeks here, in this city, in Sok Sabay will stay with me forever.
Learning the things I have about some of the stories, some of the rescues that took place has shaken me more than I could have prepared for.
Cambodia challenges everything: my ideas, my ethics, my patience. I swear Sok Sabay children have grown even more beautiful in the time I have spent with them. I hope they continue to laugh, sing, swim, run, eat as they are now. I will never forget the King, the traffic, Do's smile, Emily's pen, the singing of Fa, Sol, Phalleap, Thyda ..all of them. Bon chance, much love, " stand by" each other, always. Thank you! Louise K.
-  I, Christopher Winther Felix and Anette Kaas, are leaving tomorrow (15.08.05) after seven weeks and half with Sok Sabay children and Marie Cammal. It has been the most educating, spiritual and amazing journey at our lives. The job that gets done here every day is simply amazing, breasttaking to say the least. We will always remember this and if their should be any thing at all in the future contact us.
-  Sarah Fordham from Sevenoaks School:I am so happy to hear that our donation has helped the centres in such a big way! I look forward to receiving more updates about the school and children!
On a similar note, I would like to come to Cambodia and help out at Sok Sabay in a more active role.
I finish school next year, and if you need anyone to help at the centre, as an english teacher or some similar job-I would be more than willing to work with you for a month or more (as a volunteer of course) . I know they are a few of my friends who would be keen to as well!
I very much appreciate your help and hope I will be seing you in Cambodia next year!
Welcome Sarah for as long as you can. Teachers are always welcome!
-  Sue Donwell , July 28th from the American Community School of Abu Dhabi.
We had a wonderful time seeing the excellent work you are doing for the children. Thank you for letting us visit you and Sok Sabay. Good luck with your work!
